A tournament in exceptional sport facilities!

CSV Rugby Villefranche Beaujolais is a hundred-year-old club, created in 1908. During its long history, the club's flagship team competed at regional and then national level, even reaching Group B of the then 1st Division in the 1983-1984 season, alongside Racing Club de France. Since then, CSV has played in all three divisions of the French amateur championship, reaching Fédérale 1.

Deeply rooted in the Beaujolais region and its traditions, the club is supported by a large public each week-end and also boasts an accredited training centre.

The facilities

In the heart of the Beaujolais and nestled in a green setting, the eco-friendly rugby complex of L'Escale covers 14 hectares and offers 4 international standard pitches perfectly maintained (3 grass & 1 Astro pitch), a 1 700 seats tribune, a club-house, and a big parking area for cars and coaches. It welcomes all the matches of the CSV teams, but also big national and international events, being the base camp of Georgia national team for Rugby World Cup 2007, or hosting the U18 game France v Wales in 2017, among others.
